JSTOR Search – Regis Library

- Select ADVANCED SEARCH

- Set up your search, and limit to Articles to exclude books, book reviews, etc. Regis does not subscribe to JSTOR ebooks (although they may come up in the results.)

Notes:
- If you get too many irrelevant results, limit your results by narrowing by discipline (such as History, Religion, Anthropology)
- *include only content I can access*. Check this box to receive only results with a full-text article attached.
- Make sure Pop-ups are allowed in order to access full-text articles.
